"Millions of Dollars of Eastern money are invested on mortgage security in the West for the simple reason that it has been found profitable."

ALL THE INVESTMENTS OF THE GREAT-WEST LIFE ASSURANCE COMPANY ARE IN WESTERN SECURITIES

¶ The belief of the founders of the Great-West Life Assurance Company, that a western company, with all its interests in the prosperous West, could issue policies on unusually advantageous terms, has been abundantly justified.

¶ Founded in Winnipeg in 1892, the Company has prospered steadily, and now operates from coast to coast.

¶ In October, 1905, the business in force exceeds $23,000,000; the annual income is over $1,000,000; and the average rate of interest earned on investments is 7%.

Low Premiums, High Profits to Policyholders, and the Safeguard of Thoroughly Conservative Management, are the Essential Elements of Great-West Life Insurance.

The Kirtley Self Indexing Ledger

Illustration of which is shown on other side, Claims the following advantages:

The Kirtley Self-Indexing Ledger is also made in Loose Leaf form as well as the regular bound styles.

1. The only ledger that requires no index whatever. Turn right to any desired account in an instant.
2. The left hand does the whole business leaving your right free to hold a pen and save your book from blots.
3. No chance for error as in old style—entering accounts in duplicate, or failing to index.
4. Each page ruled to accommodate from one to four accounts. Every account entered according to first three letters of name.
5. Made with Frey's Patent Flat Opening System.
6. Can be sub-divided to accommodate accounts in any number of branches of business, each under proper heading.

Manufactured by

HART & RIDDELL, Wholesale and Manufacturing STATIONERS
40 Wellington St. E., - TORONTO

There is no Combination in Blank Books which equals Frey's Flat Opening Binding and H.&R. Bank Record Paper

CATALOGUE PRINTING

¶ The Printing of Catalogues is one of our successful specialties. Our imprint appears on the catalogues of some of the largest manufacturers in the Dominion, and invariably they are pleased manufacturers.

¶ And there is every reason that they should be. We have one of the best equipped printing establishments in the city, including a complete Monotype equipment, by means of which we make our own type and supply new type for every job. This, with presses and machinery of the latest and most approved style, and experienced men, enables us to give to our catalogues those finishing touches which give them a character and distinctiveness which cannot fail to favorably impress the recipient.

¶ The Imrie imprint is a guarantee of quality.

Head Office

74-76 CHURCH STREET,

TORONTO, ONT.

Mr. Busy Business Man,
Anywhere,
Canada.

Dear Sir:

"A thing is never too often repeated
which is never sufficiently learned."-Seneca.

If you will thoroughly learn the following and act upon the knowledge, you will save money, time and trouble:

Fac-simile typewritten letters with individual names in each are acknowledged to be the most profitable style of advertising.

It is a good idea to send a personal Fac-simile typewritten letter to your customers announcing the coming of your traveller with special lines.

It is profitable to follow up your Catalogue with a personal Fac-simile letter, or send one with the Catalogue.

It pays to announce your "Specials" by a personal Fac-simile type-written letter, thus informing the whole trade about them inside of two or three days.

It saves you time and worry to let us send the notices of your Club Meetings.

Fac-simile typewritten letters will collect money for Churches if sent to the members of the Congregation.

We can do all your circular addressing quicker and cheaper than you can.

Our facilities for supplying lists of any trade in Canada are unexcelled.

Our Phone is Main 2229 - ring us up now and give us your order.

Yours truly,

MIGHT DIRECTORIES LIMITED.
